Center Around Our Respite & Recovery

For Mental Health Support

Moving Individuals Forward

In our efforts to divert from continuously treating individuals via hospitalization, Recovery Options Made Easy is developing a **Respite & Recovery Center** to support crisis stabilization and continued recovery. Creating this first-of-its-kind model in New York State proves much more effective and cost-efficient than the traditional hospital stay, benefiting all of Western New York.

95%

Hospital Diversion Rate

Help no longer has to mean hospitalization. Partner with ROME to build the Respite & Recovery Center.

Let's Talk

50%

Of adults in the US will experience a mental illness in their lifetime.

One

death by suicide occurs in the US every 11 minutes.

93%

Increase in the number of people who sought help for anxiety and depression in 2020.

Rome wasn't built in a day, but **ROME needs your help today** as we build the new Respite & Recovery Center.

Schedule a time to learn what giving to our center means.

Long-Term Solutions for a Lifetime of Healing

Supporting the Continuous Cycle of **Mental Health Recovery**

This innovative model of recovery allows individuals a safe space of calm to regroup and recover. This environment becomes more vital than ever in the aftermath of the COVID-19 pandemic.

Why Crisis Stabilization Centers Matter

66%

Of emergency department visits are avoidable.

88%

Of people presenting to hospitals for mental health concerns do not meet admissions criteria.

95%

Hospital diversion rate through ROME Respite Programs.
